AYSO is 100% volunteer. There are volunteer board members who keep the program running in Wichita year after year. We do this in our spare time to help our community and youth sports.

Our Programs:

Core Program: this is our grassroots program for the general population for ages 3 and older. Our Core program is \$165.00 for both seasons and includes the national fee & player insurance. This includes a uniform jersey, shorts & socks.

EPIC Program: Everyone Plays in Community, this is our program for special needs athletes. EPIC is \$80 for both seasons which includes the national fee & player insurance. This also includes a jersey.

Seasons:

Fall – Play starts generally 2nd week of September through first of November. There are 8 games for the fall.

Spring – Play starts generally 3rd week of March through 2nd week of May. There are 8 games for the spring.

Practices for each season can start 2 weeks prior to game start. Practices are coordinated by the coaches and not by AYSO board members. **Practice days / times are setup by the coaches.**

Coaches are also volunteer and get assigned their rosters in late August for Fall and early March for spring. They reach out to parents about best days and times for practices. They either use group text or group messaging applications for communications.

Teams:

With our **balanced teams** philosophy, we diversify teams each year. Each team will consist of newer and experienced players. There will also be diversity in ages for the age range. We can honor occasional requests for neighbors or family members to be on the same teams, however, we will not honor more than 1 or 2 for each team. AYSO does not “stack” teams to keep players together. It is part of player development and good sportsmanship to learn to play with different teammates.

Volunteers:

AYSO depends on our volunteers to keep great soccer programs available in Wichita. Volunteers are needed for administration help, mowing, field maintenance, field lining, trash collection, morning setup, afternoon teardown, coaching, refereeing. Please consider assisting to keep AYSO a quality program in Wichita.
